

## Home Fleet Errata

Page A-17: York class: Delete the Type 284 radar from its sensors. This was not part of the ship's original fit. Exeter receiver hers during her 194-41 repairs, and Yor probably received her radar sometime during that period as well.

Page B-22: Spitfire XIV. Change the ATA gun rating in the remarks from 7.1 to 2.5.

Page C-3: The British MkI, I/N, and II 15 in/42 should be split into two entries:

Page Z-2: The formula for the aircraft damage value is incorrect. The correct formula is:

(Empty Weight in kg<sup>1/3</sup>) \* (Engine Factor <sup>1/2</sup>) \* Construction Factor \* Armor Factor
